

Volunteers Needed for Study on HIV+ Older Women

WHO IS ELIGIBLE:

- 1) HIV Positive
- 2) Self-identify as an older (50+) woman

***All study participants must be able to read and speak English ***

ABOUT THIS STUDY:

- 1) This is a research study about the lived experience of women who received an HIV diagnosis in older adulthood and their thoughts about HIV risk, social support and the healthcare system.
- 2) You are asked to participate in a confidential interview for about 1 to 2 hours
- 3) You will be asked to fill out a brief questionnaire.
- 4) You will also be paid a **\$30.00** honorarium for the interview.

The interview and questionnaire will be kept completely CONFIDENTIAL.
