Stigma at Times of COVID-19 [1]

[2]

Post created 3 weeks 1 day ago in the A Girl Like Me [3] group by HIVstigmafighter [2]
Before we even heard of COVID-19, people living with HIV or AIDS were already facing stigma and discrimination as I experienced and shared with you regularly with healthcare providers throughout the years. Many more people started facing stigma when COVID-19 came along in many ways, and this made things for people living with HIV or AIDS even worse.
