

***A Survey on Language and HIV Care
for Women Living with HIV***

We invite you to participate
in an important anonymous survey called

WORDS MATTER:
**Experiences of Stigmatizing Language
Among Women Living with HIV**

The purpose of this research is to better understand how language used in healthcare and service settings affects the lives and care experiences of women living with HIV. Your voice can help improve how providers and systems communicate with and support women in our community.

WHO CAN PARTICIPATE?

- Adults (18+) who identify as living with HIV *and*
- Are able to complete an online survey in English

WHAT TO EXPECT:

- The survey takes about 20 minutes to complete
- All responses are anonymous
- After completing the survey, you'll have the option to enter a separate drawing for one of fifty \$25 gift cards

If you have any questions about the study, feel free to contact Bridgette Picou at bpicou@thewellproject.org. Thank you for sharing your experiences and helping us make care more respectful and stigma-free!
